### Ayurvedic Urology

Successfully treating following conditions without operation or surgery since more than 10 years

- Urethral stricture
- Bladder Neck obstruction
- Interstitial cystitis
- Recurrent Urinary tract infection
- Multi-drug resistant urinary tract infection
- Urinary incontinence
- Benign prostate enlargement

### Ayurvedic Proctology

Successfully treating, Piles, Fistula, Fissure, Haemorrhoids, Pilonidal sinus, etc. since more than 12 years. Our unique combination of classical Ayurvedic surgical techniques and modern advancements like radiofrequency has advantages like-

- Minimal or no pain after the operation
- Maximum 24 hours hospital stay
- No need of rest and patient can resume daily routine very next day
- No need of dressing in post operative period
- No risk of losing the control of motions
- Once treated the disease does not recur

### Panchakarma

Classical Ayurvedic Detoxification procedures for cleansing the system and to achieve a perfect metabolic equilibrium.

Panchakarma – For treating diseases & for health maintenance as well.

Promising results in -

- Obesity
- Joint diseases
- Metabolic diseases
- Skin disease & Beauty care
- Allergies & Respiratory diseases
- Diseases of digestive system
- Auto-immune diseases
- Gynaecological diseases
- Anxiety depression
